

10 September 2019

Mr Ron Pulido
Project Manager
Standards Australia
Level 10, The Exchange Centre
20 Bridge Street
SYDNEY NSW 2000

Email: ron.pulido@standards.org.au

Dear Mr Pulido

**Adoption of IEC 31010:2019 Risk management –
Risk Assessment Techniques
Withdrawal of SA/SNZ HB 89:2013 - Risk management –
Guidelines on risk assessment techniques**

Governance Institute of Australia (Governance Institute) is the only independent professional association with a sole focus on whole-of-organisation governance. Our education, support and networking opportunities for directors, company secretaries, governance professionals and risk managers are unrivalled.

Our members have primary responsibility to develop and implement governance and risk frameworks in public listed, unlisted and private companies, as well as not-for-profit organisations and the public sector.

Governance Institute is a member of the Risk Committee of Standards Australia.

We support the direct text adoption of the revised international standard on Risk management – Risk Assessment Techniques (IEC 31010:2019). We consider that the national adoption of the standard will clearly indicate to the community that the International Standard has been reviewed and endorsed by an accredited Standards Reference Body and found to be relevant to the economic efficiency or safety of the Australian community.

We also support the withdrawal of SA/SNZ HB 89:2013 - Risk management - Guidelines on risk assessment techniques.

If you have any questions please do not hesitate to contact our General Manager, Policy and Advocacy Catherine Maxwell, using the contact details on the email attaching this letter.

Yours sincerely

Megan Motto
CEO
